

One Wild Game Rules

Teams A and E ALWAYS get to choose the height of the net for each serve. They can hit the ball as many times they wish, however they wish.

Basically, they can do whatever they want!

Teams B and F may use only one hand to hit the ball. They must leave the net in the position designated by Teams A and E.

C'mon you can do it!

Teams C and G must play on their knees with the top of the net at standing up shoulder height.

It's hard, but someone's got to do it!

Teams D and H must lie on the ground and hit the ball only with their feet. The net should be at standing up shoulder height.

Give it a good try!
