

Fold an Origami Dove

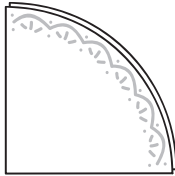

Turn a doillie into the shape of a dove.

Make the basic folds.

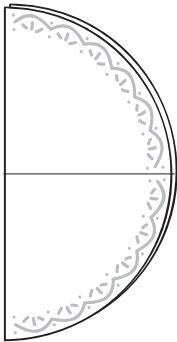

1. Fold the doillie in half.

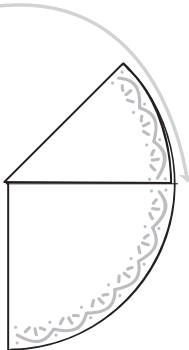

2. Fold the doillie in half again to make a crease.

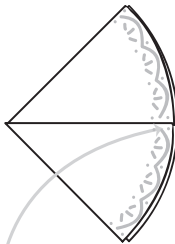

Make the folds to shape the body.

3. Open the last fold

4. Fold the top down to align with the crease you made.

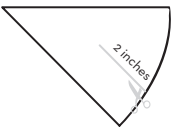

5. Fold the bottom up to align with the crease.

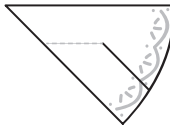

6. Fold the body together with the fold at the top.

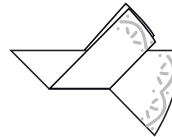

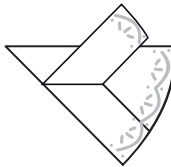

Make the folds to create the wings.

7. To create the wings, make a 2-inch cut as shown.

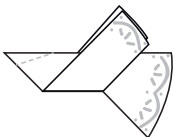

8. Fold the wing up along the dotted line.

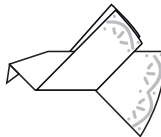

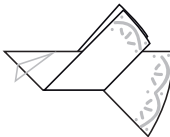

9. Fold the other wing up.

Make the folds to make the head.

10. Mark the neck edge by making a crease along the dotted line.

11. Open the fold. Push the head down between the main fold of the body. The beak of the dove will peek out from the middle of the dove.
